

Chesapeake Region

Including Maryland, Virginia, Washington, DC

Multiplexer/De-Multiplexer Upgrade Solutions for Increasing Bandwidth over Point-to-Point MMF Links. Supports SMF over MMF.

Connectors for Coaxial, High Frequency, High Speed, Flex, Fiber Optic, IP67 & High Power (Equip. Interface), Internal (Board-to-Board/Wire, Nylon) Applications in Commercial/Ind. Mkts.

Offering Sunlight-Readable, High-Bright, Enhanced Color LCD's in Standard & Custom Sizes.

Light Pipes, High Efficiency/High Performance LEDs & LCD's (UV, Visible & Infrared Wavelengths). Offering Standard Products & Semi/Full Custom Design Support.

Memory Solutions for Low-Latency, High Speed, Wide I/O's with Longevity & Reliability. (Products are marketed and distributed by Samsung C&T.).

DRAM IC's, Memory Modules, Flash Memory IC's, SSD's, Fusion Memory, ASICs, MCU, Foundry & Mobile Application Processors, TFT's / LCD's.

End-to-end, Integrated Smart IoT Platform unifies Hardware, Software, Cloud, Security & a Partner Ecosystem into a Single Integrated Offering.

Multi-Layer Chip Capacitors, Tantalum Capacitors, MLCC's, Bead & CMF Filters, Chip Inductors (Low Current Multilayer, High Current/High Efficiency, High Current/High Capacity.)

High Reliability Motor Controllers & Drivers, Smart Power Management/Conversion, QPL Diodes & Die, TVS & Power Rectification for Space, Aerospace & Defense Markets.

Custom Cable Assemblies, PCB Fabrication & Assembly with Integrated Services including Design Support for Manufacturability.

High Performance, High Reliability, Secure SSD's utilizing SLC Flash, offering AES Encryption, SDET (Secure Data Elimination Technology) and Other Custom Options.

Legacy & Specialty DRAM Modules, Hybrid Memory Solutions, Flash-Based Removable Cards, Embedded Storage Products - Commercial & I-Temp SSD's
