New York Metro Region

Including New York City, Long Island, Westchester & Rockland Counties, and Northern New Jersey

Custom and off-the-shelf cable assemblies. https://www.archtech.net/

LCD sizes from 2"-82", curved, super slim, bezel-less, extreme narrow bezel & free-form in 4K or 8K resolution. Offering wide color gamut, HDR, mini LED backlight, ultra-high refresh rate, ultra-high brightness & low power. https://www.auo.com/

Flexible & Rigid Flexible Printed Circuit Boards & Assemblies for Mil/Aero Applications. http://flexiblecircuits.net/

10G to 400G Optical Transceivers in all packages for various applications – Datacom, Telecom, Video Surveillance, Industrial Control, 4G/LTE/5G, and TV/AV. https://www.formericaoe.com/en/

Connectors for Coaxial, High Frequency, High Speed, I/O, Circular, Flex, Fiber Optic, IP67 & High Power (Equipment Interface), Internal (Board-to-Board/Board-to-Wire) applications. https://www.hirose.com/

Light Pipes, High Efficiency/High Performance LEDs & LCDs (UV, Visible & Infrared Wavelengths). Offering standard products & semi/full custom design support. https://www.lumex.com/

Quartz Crystals, Crystal Clock Oscillators, Precision Oscillators, SAW Filters, Crystal Filters & Ceramic Resonators, LTCC Filters, Baluns & Chip Antennas for wireless applications. https://www.raltron.com/

DRAM ICs, Memory Modules, Flash Memory ICs, Solid State Drives, Fusion Memory, ASICs, MCUs, Foundry, and Mobile Application Processors, TFTs/LCDs. https://www.samsung.com/semiconductor/

Multi-Layer Chip Capacitors, Tantalum Capacitors, MLCCs, Bead & CMF Filters, Chip Inductors (Low Current Multilayer, High Current/High Efficiency, High Current/High Capacity). https://www.samsungsem.com/

Simplifies sourcing for industrial and commercial memory and storage components for embedded applications. https://www.smartsemi.com/

Legacy & Specialty DRAM Modules, Hybrid Memory Solutions, Flash-Based Removable Cards, Embedded Storage Products – Commercial & I-Temp SSDs, SLC-based Secure SSDs with AES Encryption, SDET, and high reliability. www.smartm.com
